Company Profile

Ramdev Chemical Industries is a steady growing company since it's incorporation in 1991, in the filed of Phthalocyanine Pigment.

The company is situated at Ankleshwar, 325 km away in the north from Mumbai, INDIA.

- Roots of the company are backed by the strong technical expertise.
- Generous & ambitious management.
- Well-equipped plants with adoption of modern technology.
- Expertise to enrich quality product by breakthrough innovations.
- Winning against competition with the weapons of quality, commitment, price & service.
- Optimum utilization of man, machine, materials and money.
- Customer's satisfaction is our best reward.
- Devoted to keep safe environment & ecology.

APPLICATION

Clean, bright Phthalocyanine Pigments, with very soft texture and outstanding technical properties like light, weather, heat, chemical & solvent fastness. These pigments can be used for various applications with ease. Very high dispersing property allows their suitability for...

Sheet-fed offset, Web offset, News paper, UV, Screen, Gravure, Flexo

Inks

Paints

Air drying enamel, Stoving paints, Acrylic paints, Automotive paints, Industrial paints, Cement paints, etc.

Plastics

LDPE, HDPE, PVC, Poly propylene, Poly carbonate, Poly styrene, etc.

Textile

Emulsion paste for Pigment printing
