

# Protecting What Matters:

High Performance Compounds for Wire and Cable Applications

## Residential Telecommunications Applications

### Outdoor Applications:

- UV and Weather Resistant
- Durable and Flexible for Installation

Apex CX2010  
Apex CX2017

### Indoor Applications:

- Flame Retardant
- Durable and Flexible for Installation

Apex CXFR 2011  
Apex CXFR 2013

## Cell Tower Applications

- UV and Weather Resistant
- Flame Retardant
- UL Recognized

Halguard 58300  
Halguard 58600  
Apex 70005  
Flexalloy 9602-72FR

## Commercial Plenum & Riser Cable Applications

- Extreme Flame Retardancy and Low Smoke Properties
- Durable and Flexible for Installation

### Riser Rated:

Apex 65040  
Halguard 58300  
Halguard 58610

### Plenum Rated:

Fireguard 910 Series of Compounds

## Data Center Applications

- Flame Retardant
- Extremely Low Smoke
- UL Recognized

### Riser Rated:

Apex 65006  
Apex 65027  
Apex 65040

### Plenum Rated:

Fireguard 910A-34  
Fireguard 910A-71  
Fireguard 910A-26  
Fireguard 910A-47

## EVE Charging Station Applications

- UV and Weather Resistant
- Flame Retardant
- Wide Temperature Range
- Impact Resistant

### Insulation:

Flexalloy 89504-90FR

### Jacket:

Flexalloy 9612-75

## Transit Cable Applications

- Flame Retardant
- Low Smoke and Halogen Free
- Flexible, Durable and Easy to Extrude

Halguard 58130  
Halguard 58600
